

Scrub Glove

Period 3

Caroline invited us to her housewarming BBQ party. We all hadn't seen each other since high school and had so much to catch up on! When the party started dying down and people started leaving we decided to help clean, wash dishes, and throw the trash out. Alejandra brought some gloves from underneath the sink and Brianna started washing the dishes with Caroline. It was getting late and we still had not finished it was in this moment we realized we needed something better to clean with and that's when the Scrub Glove was born.
